RICO COLLECTION

Design by ferm LIVING

The Rico collection welcomes curves and volumes into a classic design defined by soft lines and an embracing expression. The series is characterized by a curvaceous nature that seamlessly combines comfort and elegance and makes you feel drawn to its motherly embrace. Its generous proportions offer soft and restful seating while its timeless aesthetics make it suitable for a wide range of private and public spaces. Available in lounge chair, 3-seater or 4-seater versions in a selection of upholstery options. Choose a timeless bouclé fabric, woven of uneven yarn to attain a rich, loopy texture, or an upholstery of soft brushed chenille.

CARE & MAINTENANCE

General: Regular cleaning not only ensures that the upholstery fabric looks nice but it also prolongs its life. For daily cleaning either gently brush off the dirt or vacuum the furniture using the upholstery nozzle. Be careful with shoes, jeans and sharp objects. For further cleaning professional dry cleaning is needed.

Remember to avoid placing the furniture in direct sunlight or near a strong heat source. Ferm Living only uses top-quality fabrics but any fabrics may fade or weaken if exposed to sunlight or strong heat.

Smooth out creases and wrinkles with your hand after use to even out the fabric.

Bouclé fabric: Professional dry cleaning.

Brushed fabric: Professional dry cleaning

Removal of stains: When stains occur, act as quickly as possible to try to prevent any permanent damage. Remove liquid stains by carefully dabbing with a clean lint free cloth, preferably white.

Most other stains can be treated with soapy lukewarm water. Never use hot water as heat will set stains. We recommend using a PH neutral detergent. Gently rub the stain with a clean cloth and afterwards dab with a dry cloth to absorb moisture. Edge marks can be avoided by very soft, circular rubbing from the outside towards the centre of the stain or by blow-drying carefully on low speed.

If the stain has not disappeared we recommend you to use a neutral PH, colourless soap, but always test this on a discrete area of the fabric first. Never use detergents, bleach, ammonia or soap for hard surfaces.

Please note that these are only recommendations. We can never guarantee complete stain removal. We recommend contacting a professional cleaning company for additional advice regarding your stain. Please note that dark jeans may leave marks on the fabric and these marks can be difficult to get off.
